The goods and services shown below are those we can provide to our customers. You may choose only the items you desire. However, any funeral arrangements you select will include a charge for our basic services and overhead. If legal or other requirements mean you must buy any items you did not specifically ask for we will explain the reason, in writing, on the statement we provide describing the funeral goods and services you have selected.

A. PROFESSIONAL SERVICES:

SERVICES OF FUNERAL DIRECTOR AND STAFF \$1700 \$ _____

Our fee for the services of funeral director and staff includes: staff to respond to initial request for service; arrangement conference with family or responsible party; arrangement of funeral; preparation and filing of necessary authorizations and permits; recording vital statistics; preparation and placement of obituary notices; internet obituary with 1 picture, online guest register, staff assistance, including coordination with those providing other portions of the funeral, e.g. clergy, cemetery, crematory and others. Also included in this charge are overhead expenses relative to our facility such as insurance, maintenance and utility expenses, secretarial and administrative costs, and the equipment and inventory expenses.

This fee for our basic services and overhead will be added to the total cost of the funeral arrangements you select. (This fee is already included in our charges for direct cremations, immediate burials, and forwarding or receiving remains.)

EMBALMING \$ 775 \$ _____

Embalming is the scientific preparation and sanitary care of the body by standard arterial and visceral chemical treatment. Except in certain cases, law does not require embalming. Embalming may be necessary, however, if you select certain funeral arrangements, such as a funeral with a viewing. If you do not want embalming, you usually have the right to choose an arrangement that does not require you to pay for it, such as direct cremation or immediate burial. It is our policy to require embalming when there is public viewing or when it becomes a necessity.

TO HELP YOU UNDERSTAND...

It is your right, and our desire, that you have as complete an understanding as possible regarding the cost of our services. The **biggest factor** is the time element in terms of our personnel and the use of the funeral home facilities. The maintenance of this service is unending; that is, it must be available 24 hours a day every day of the year. Therefore, ours is a 168-hour week and not the 40-hour week, which is the accepted standard.

Many phases of our work are apparent; others are not. The following analysis of some of these details will help you to understand that no two funerals are exactly alike. Traditions, customs, social standing, personal feeling, financial ability and a multitude of other influences affect each funeral. Our services must conform to each individual family's wishes and their personal and religious needs.

Generally, funeral are divided into four categories.

A. PROFESSIONAL SERVICES

1. Complete Arrangements, Supervision and Direction of Funeral

- a. Meeting with the family to: secure vital statistic information; obtain obituary information; complete itemized cost agreement; select casket and vault of their choice; oversee all aspects of funeral.
- b. Coordinate times of the following services as needed; clergy; necessary automotive equipment for convenience of family-includes funeral hearse; hairdresser; civic associations; fraternal organizations; cemetery or crematory; vault company; lodges or other organizations; veterans associations.
- c. Complete death certificate with vital statistic information.
- d. Obtain the signature and medical information from the attending physician or medical examiner (coroner).
- e. File completed and signed certificate with Registrar of Vital Statistics in municipality where the death occurred, and obtain a burial permit and as many certified copies as necessary, for the family's needs.
- f. Call obituary information to newspapers requested by family and place obituary on website.
- g. Care for all flowers and remove all flower cards and sympathy cards for family to acknowledge.
- h. Print folders, prayer cards and acknowledgement cards when applicable.
- i. Complete all necessary forms such as: V.A. for flag; V.A. for allowance; V.A. for marker; state and federal forms required by law; cemetery or crematory; Social Security.
- j. Answer all telephone calls-give out funeral information to family, friends, lodge members, business associates, and florists with regard to funeral services to be held.

2. Preparation and Care of Deceased, Including Embalming When Necessary

- a. Hygienically prepared to insure protection to personnel and the public. A deceased who has a contagious or infectious disease requires special care and treatment in excess of the regular preparation.
- b. Embalming
- c. Shampooing and shaving
- d. Dressing and casketing
- e. Applying cosmetics (extra care is necessary with regard to bruises, cuts abrasions and burns)
- f. Hairdressing (professional hairdresser may be requested at additional charge)

3. Professional Personnel and Non-Professional Assistants

- a. Assist in all of the above items
- b. Arrange flowers for best appearance
- c. Have attendant present during all visitations
- d. Assist in conducting the funeral service according to the family's wishes.

The above services require an average of 80 man-hours per funeral. A licensed funeral director is available following the funeral services to assist the family in filing death claim forms. In addition to all of the above, there is a licensed funeral director, embalmer, and a competent and understanding person to answer the telephone, 24 hours a day, 365 days a year. A funeral home does not close on weekends or holidays!
